

# Summer Day Care Programs

## Powder Valley Conservation Nature Center

### Ages 3 to 5 years

Our Summer Day Care programs offer fun and educational experiences for preschool age children.

Call 314-301-1500 to schedule a program for your day care at the nature center. All programs are one hour.

### Classroom

#### *Turtles for Tots*

It's time for turtles! How are turtles different from other animals? Where do they live? What do they eat? This fun and interactive program will answer these questions by introducing participants to the ancient reptile that carries its home on its back.

### Outdoor Explorations

#### *Nature Explorers*

Let's get outside and explore and discover nature! We'll go to a shaded play area in the forest and provide some tools for unstructured play. Please be prepared to get dirty.

#### *Making Sense of Nature*

Animals depend on all of their senses to gather information about their environment. Look, listen, touch, and smell while using your senses as we explore nature.

**Serving Nature and You.**
